Kompanija se bavi uvozom i distribucijom elektronskih sigurnosnih sistema. Ovlašćeni smo distributeri za renomirane svetske proizvođače na polju alarmnih sistema, CCTV sistema, IP sistema video nadzora, stabilnih sistema za dojavu požara, sistema za dojavu gasa, kontrole pristupa i radnog vremena, interfonskih sistema, video interfona, metal detektora, ručnih metal detektora, komunikacionih sistema, sistema za vizualnu i zvučnu signalizaciju, integrisanih sistema zaštite, perimetarskih sistema, hotelskih sistema. Kompanija vrlo uspešno posluje na teritoriji Srbije i Crne Gore 13 godina. Za to vreme izgradila je identitet vrlo pouzdane, poslovne, tačne i vrlo stručne firme. Iz gore napomenutih atributa ostvarila je veoma uspešnu saradnju i realizovala mnoštvo projekata u državnim institucijama, industriji, finansijskim institucijama, vojnim institucijama, objektima od privrednog značaja i velikom broju komercijalnih objekata visokog tehnološkog nivoa. To je zasluga stručnog tima kompanije Sectron i njihove sposobnosti da se klijentima ponudi optimalno maksimalno funkcionalno i pouzdano rešenje, što klijenti znaju da prepoznaju.

The company carries out imports and distribution of electronic security systems. We are an authorized dealer for the renowned worldwide manufacturers of alarm, CCTV, IP video monitoring, stable fire alarm, gas alarm, access control, time & attendance and interphone systems, video interphones, metal detectors, hand operated metal detectors, communication systems, visual and sound signal systems, integrated protection systems, perimeter systems and hotel systems. The company has been doing business very successfully at the territories of Serbia and Montenegro for 13 years. In such period, it created the image of a very reliable, businesslike, precise and very skilled company. The above mentioned characteristics provided its very successful cooperation and carried out many projects for the Government authorities, industry, financial institutions, military institutions, facilities of economic importance and many commercial high technology facilities. This is the merit of the Sectron Company's skilled team and their ability to offer their clients the best, maximum functional and reliable solution, which the clients know how to recognize.
